

SingleSensor

## SingleSensor, express. The right choice for 25in wide technical documents and maps

### Colortrac SmartLF SC Xpress Series

A well-proven, innovative technology for great wide format image quality. SingleSensor is a Colortrac invention that combines CIS elements and LEDs in a single line for maximum scan accuracy and optimal illumination.

Reliable and affordable scanning with a fast return on investment.

Get the job done 'super-fast' with no stopping or waiting.

### SUITABLE FOR:

High quality scans of wide format maps, site plans, engineering drawings, blueprints, architectural renderings and many other technical documents. Up to 25 inches scan width.

Floor Stand (25in) is an option. PC Mount Kit, Repro Stand (height adjustable), Paper Return Guide and other accessories are available.

There are three SmartLF SC 25 Xpress large format scanner models with performance levels and features optimised for different applications. If requirements change, the **m** (monochrome/greyscale) and **c** (colour) models can be easily remotely upgraded to a higher level using a simple emailed scanner upgrade tool. The **e** (enhanced) upgrade offers the highest colour scan speed. Monochrome/greyscale scan speeds are identical across all upgrades.

|   | SC 25m Xpress  | SC 25c Xpress   | SC 25e Xpress   |
|---|--|---|---|
| Upgradable  | m → c<br>m → e   | c → e   | n/a   |
